Notice of Temporary Traffic Control Plan
WEST STADIUM BLVD – PAULINE TO SEVENTH
March 2 – November, 2010

Location and Limits of Affected Area:
West Stadium from Pauline Blvd to Seventh Street.

Description of Work:
Road reconstruction and utility improvements.

Temporary Construction Traffic Control Plan:
Beginning Tuesday, March 2, West Stadium Blvd between Pauline Blvd and Seventh Street will be reduced to one lane westbound. Eastbound traffic will be detoured. The posted detour route will be west on Pauline to south on Maple Rd to east on Scio Church to north on Main St. back to West Stadium Blvd.

Pedestrian Access
Pedestrian access will be maintained on both sides of the street until the sidewalk ramps are removed in preparation for replacement. This work is expected to take place in April and will take approximately two to three weeks. During this time, a pedestrian detour will be signed that directs pedestrians to the north/east side of West Stadium, between Pauline and Seventh.

During this work the traffic may experience brief delays within the areas influenced by this work. Detour signs will be posted for this construction; however the motorists are advised to seek alternate routes. To maintain the safety of all, please reduce speeds and drive cautiously through work zones. We thank you in advance for your patience as these necessary public infrastructure improvements are completed.
